<b>Mr. R.N. Soni</b>	<b>Media Support</b>

## ABOUT THE SHRI JJT UNIVERSITY

Shri Jagdishprasad Jhabarmal Tibrewala University is approved by Rajasthan State Govt. Act 2009 Vide F2(5) Vidhi/2/2009. It has been sponsored by Rajasthani Seva Sangh, Mumbai, a registered trust of Industrialists, business houses, who have their roots in Rajasthan, with a view to uplift the academic and economic growth of their native area. The University is located at Vidyanagari, Chudela, Jhunjhunu-Churu road, Jhunjhunu. The University has highly qualified and experienced faculty educated from premier institutions of India and abroad. The University is research oriented and is focusing on innovations and research.

## ABOUT THE DEPARTMENT OF HOME SCIENCE

Home Science is both a science and an art related multi-disciplinary field of study involving biology, chemistry, physics, physiology, hygiene, economics, rural development, child development, sociology and family relations, community living, art, nutrition, textiles and home management. One can specialize in any of the five streams of home science - Food and Nutrition, Resource Management, Human Development, Fabric and Apparel Science and Communication and Extension or have a general understanding of all streams.

## ABOUT THE CONFERENCE

Online learning, also known as e-learning, has transformed the landscape of education, ushering in a new era of accessible and flexible learning opportunities. Its history can be traced back to the early days of the internet, with the emergence of educational websites and digital resources. E-learning has a close association with providing technical advancements that help in building a seamless teaching-learning experience. E-learning frameworks are intertwined with credible and practical technical models that render creative learning solutions to users. Innovations in existing conventional global Internet has facilitated the emergence of Internet of Things that successfully facilitates device-to-device communications independent of human interventions in a secured manner. Various Systems and tools have been innovated by researchers and scientists for improvements in the field of education, teaching and learning process in particular. As internet connectivity improved and technology advanced, online learning became more interactive and engaging, incorporating multimedia elements, virtual classrooms, and adaptive learning algorithms. Innovation is one amongst the buzzwords in the 21 st Century across the world. It plays a significant role in converting ideas in to products and services all over the globe including India. New technologies are being developed and released to improve quality of life of newline rural people.

Home science being vast and diverse is the perfect means of supporting and achieving this national endeavor. The multidisciplinary approach of Home science aims at holistic development of individual by focusing on the knowledge, attitudes, values, skills, personality of the person and encourages new thinking leading to innovation. Home Science is a skill set wherein one can nurture several skills and build capacity that can enable one to set up various enterprises or consultancies. Home science as a field of study is application oriented and prepares one for many professions and enterprises. Thus, the conference is a step towards bridging academia with industry and entrepreneurship.

## AIMS & OBJECTIVES OF CONFERENCE

To fruitfully gather knowledge and education both by synchronous and asynchronous methodologies.

To effectively face the need to rapidly acquire up to date know-how within productive environments.

To identify the knowledge, skills and attitudes. Required to complete the tasks efficiently and effectively.

To identify the shortfall in knowledge, skills, and attitudes.

To improve learners' communication skills and performance

To help learners stay up to date with new technological advancements.

To improve themselves both mentally and physically.

## CONFERENCE COVERS THE FOLLOWING THEMES

Assessment and Accreditation Procedure of NAAC for non-accredited Institutions.

Digital Transformation in education

Advances in Hospitality and Event Management

Tourism towards Sustainable Development.

Advances Materials and Processes in Education

Social and Behavioral Change Communication

Indigenous and Traditional Knowledge Systems for Community Development.

## WHO ARE ELIGIBLE

We invite Faculty Members, Researchers, Legal Experts and other Professionals from all Universities / Institutes/Departments/Schools/ Colleges to participate in this National Conference in Online mode.

## CALL FOR PAPERS
