

# **Enclosure - 12.1 (9)**

## **(TRANSFER OF TECHNOLOGY)**

JJT University had taken three Technologies from BARC (Bhabha Atomic Research Centre) Mumbai for the development of our Students and set us an entrepreneurship cell. Technology under the scheme of AKRUTI Tech Pack:

1. Biogas plant based on biodegradable waste (NISARGRUNA)
2. Soil Organic Carbon Detection and Testing Kit (SOCDTK)
3. Foldable Solar Dryer (FSD)

This a project works for our students. One Assistant Professor with group of respective classes will be involved. Training will be covered Technical Knowhow, production and marketing.
